

Announcement Regarding the Return/ Re-use of Boxes

A big thank you for supporting the Fruit 'n' Veg Fundraiser at your school! As a result of your support, Primary schools across the Hunter have made over \$31, 000 in profits for their schools so far!

We are writing to request your help so that we can continue to provide these great fruit and veg boxes at excellent prices.

We would like you to assist us by returning your cardboard box to your school so that it can be re-used. The boxes will be collected by the driver when the next order is delivered.

We need to reuse the boxes to keep costs down as well as help the environment.

The cost of the boxes has proven more expensive than anticipated (\$2.80 per box) and we are not able to order any more at this time. Unfortunately if new boxes are required, we may need to increase prices or reduce the amount of produce in the box and we don't wish to do either!.

If it is convenient for you, you may like to bring your own bags and transfer the produce into your bags (leaving the box at the school).

Please help us to keep our prices low as well as helping the environment by returning your box to the school every week.

We welcome your feedback at all times. Please email us at eatittoBeatit@nswcc.org.au or call (02) 4923 0714.

Kind regards

Cancer Council NSW and John Rarity Wholesalers
