

Laurence (Larry) John Duckett

4 June 1946 - 20 February 2009

Greatly loved and very much missed

*You can shed tears because he has gone
or you can smile because he lived*

We choose to smile because Larry brought us a great deal of fun, laughter & love over the years. He was always a very happy person and would lend a hand whenever it was asked for. He was a good talker and a good organizer which many of you will remember, hopefully with a smile.

He was a long time & life member of the Alfa Romeo Owners Club to which he and wife, Merrilyn, devoted many happy years and made many long time and wonderful friends. He was a very hard worker and would be in everything. He loved motor racing in all forms and enjoyed being at the track in all sorts of weather.

Larry was diagnosed with Pancreatic Cancer in July 2008 and fought a hard battle to stay with us a bit longer and never complained about the pain and treatments he underwent. Right to the end he was always concerned about others and not himself.

Laz, the world is a far richer place having had you grace it, we are all richer for having had your friendship and we hope that now you are free from pain and suffering you can relax in the knowledge that we all loved you, respected you and are grateful for you having shared your time with us.

With all our love from Merrilyn, the family and all your friends. Rest in Peace.
