The following pages document the extensive research undertaken by Cancer Council NSW staff and published in peer-reviewed publications in 2013/14. This reflects the breadth of our research into cancer causes, health services, prevention and supportive care, and the influence of our work locally and internationally. Also included are a number of reports and submissions made by Cancer Council NSW to decision-makers regarding public health policy and recommendations.

**PUBLICATIONS**

Noguchi N. Validation of self-reported cancer diagnoses in CLEAR study participants. Sydney: University of Sydney; 2014.
